Proposed Rule Change (provide desired language and intent of rule): Add to the end of 1.2 A2:
Except for at national level shows (including the Area, ASPC Congress, and AMHR National shows) where showmanship patterns shall be posted to the ASPC website no later than a week prior to the start of the show. The intent of this rule is for exhibitors to be able to exhibit to the highest level at a national show.

Reason/Justification for Rule Change (provide brief description): Allowing exhibitors to have access to the patterns ahead of time gives them time to prepare instead of having to learn multiple patterns at once in a short period of time. It is really a common practice amongst many breed associations to post patterns weeks in advance and this change would bring ASPC up to date with current practices (see next page for examples of breed associations current timelines for posting patterns).
