Reason/Justification for Rule Change (provide brief description of why this needs changed/added)

Since the rule change to increase the height of the jumps I feel that these heights are not safe for the horse or the handler. It is hard on the horsed joints and I have witnessed more jumps that have collapsed causing not only possible danger to the horse but the handler.
I also feel with this added height we are discouraging new jumpers and green horses.
This class is to present your horse to thier best adavantage and at these new heights it is difficult to do so.

Proposed Effective Date: 1/1/2023
